Forecast For Wales
Issued by Met Office Exeter
at 1600 on Saturday 03 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Another dry night, with widespread frost. Feeling cold.

This Evening and Tonight:
Remaining dry this evening and overnight with clear skies, feeling cold. Widespread frosts forming overnight, in addition to some fog patches developing in the early hours, primarily in southern valleys. Light winds. Minimum temperature -2 deg C (28 deg F).

Sunday:
A frosty and foggy start for many, but warming through the morning, with sunny spells through the day. Rain followed by showers overnight, with some falling as hail or snow. Maximum temperature 14 deg C (57 deg F).

Outlook for Monday to Wednesday:
Cold, wintry, and windy through this period, with widespread frosts. Snow, sleet, and hail showers Monday, and again Tuesday though more frequent, before conditions ease for most on Wednesday.
